

Comprehensive Cervical Cancer Prevention Action Plan

To obtain the free resources listed in your personal action plan, click on the resource link (requires an internet connection) or search for the resource name on www.rho.org

To revise or review your action plan: Your plan was automatically saved on the computer used to create it. To access your plan, return to the Start page and move through the sections again. You may also jump directly to any section. If you change any selections in your current plan, the changes will automatically be included in your new action plan report. On the Start page, you may also load saved action plans, clear your current plan, or create a new plan.
